### **Gemini Waverider 780**

The Gemini Waverider 780 embodies and exudes Gemini's core values of uncompromising design, build quality and seakeeping ability. On the water, these stepped-volume monohull RIBs are unsurpassed for soft ride, dryness, safe predictable handling and the feeling of invincibility. With capacity for 12 passengers, the Waverider 780 invites you and your friends on relaxing days spent enjoying the waters and shores of New Zealand.
