Northstar Axis 3.8

Northstar's Axis tenders have been developed to answer all the critical needs for a functional, ergonomic, and performing yacht tender. Benefiting from Delta-lift hull shape with integrated delta tabs aft, the Axis 3.8 planes very easily and rides dry. It combines functionality with a stylish design, thanks to a variety of hull, tube and upholstery colourway options.

SPECIFICATIONS

Boat Length	Beam Width	Hull Weight	Max HP	Fuel Capacity	Max Persons	Shaft Length
